### ***Mi-T-M Introduces New Pressure Washer Mister Combinations***

Mi-T-M is responding to the immediate need for disinfecting equipment in every type of business, school and industry. The [Mi-T-M Pressure Washer Mister Combination](#) is a 1400 PSI electric cold-water pressure washer and a 350 PSI mister in one unit, as either a portable model or a hand-carry model. Both units are commercial grade, and come complete with everything you need, whether you are sanitizing or pressure washing.

Designed to be used with a concentrated disinfectant mixture, the mister mode only takes a few minutes to set up and is extremely easy to use.

Disinfect a multitude of surfaces quickly and efficiently. Either model works great on high contact areas inside buildings, such as medical offices, stores, and hair salons. Sanitize break rooms, rest rooms, office areas and conference rooms, with this compact, commercial grade unit. Use it in locker rooms and in gyms on weights, exercise equipment and other common spaces. The Mi-T-M cart mount unit is convenient for cleaning and disinfecting fleet vehicles and all exterior high-contact surfaces.

COAST INDUSTRIAL SYSTEMS, INC.

# Pressure Washer Mister Combinations

## Hand Carry or Portable

*This commercial grade pressure washer mister system puts disinfectant right where you need it. The combination electric 1400-PSI cold water pressure washer and 350-PSI low pressure dispensing mister is extremely easy to use and more efficient than manual misting. Simply adjust the valve to convert the unit from a pressure washer to a mister. Powered by a high quality electric motor it's ideal for indoor and outdoor cleaning and disinfecting.*

*Cold Water — Electric — Direct Drive*

CM-1400-1MEH-M

CM-1400-0MEC-M

*Each combination unit includes a two-piece 36-inch lance and trigger gun with quick connect nozzles for pressure washing, a trigger gun with attached misting nozzle and an additional quick connect misting nozzle for higher-reach misting. A 75-foot x 1/4-inch high pressure hose with quick connects allows for convenient use of both the pressure washer and mister.*

**Pump:**

Direct drive triplex crankshaft pump | Thermal relief valve | In-line water strainer | Low pressure detergent injector for pressure washer use only | Oil drain, fill port and sight glass | Misting valve

**Motor:**

Totally enclosed fan-cooled electric motor | 35-foot power cord with GFCI and 15-amp plug

**Frame:**

Powder coated steel mounting plate with center balanced lift and four rubber isolators (CM-1400-1MEH-M) | Powder coated steel frame with upright tilt back design and two rubber isolators (CM-1400-0MEC-M)

**Unit Includes:**

Quick connect nozzles - 15°, 25°, detergent and misting nozzles | 75-foot x 1/4-inch non-marking high pressure hose with quick connects | Two piece, 36-inch lance | Professional-grade trigger gun | Additional trigger gun with misting nozzle
