

# LPH101/200-LVP

## HVLP pressure fed spray gun

ANEST IWATA LPH101/200-LVP pressure fed spray guns with our patented "LV Technology" create superior atomization with low air consumption. Both guns utilize our LV6 air cap, which creates our signature tulip spray pattern achieving higher transfer efficiencies.

LPH101-LVP compact size spray gun is suitable for small work pieces and lower viscosity paint.

LPH200-LVP full size spray gun is suitable for large work pieces and can be used for a variety of industries.

### Specifications

Model	Nozzle size mm	psi	cfm	Pattern width inch	Air cap model	Weight lbs	Gun Only #	Usage
